

## WELCOME TO AUGUST'S ON-LINE NEWSLETTER

We would like to welcome you to this month's on-line newsletter.  
We have a number of exciting new developments to share with you.

### Didn't you know it's all about you?

Yes, everyday users like you. According to Time Magazine, the World Wide Web is now a tool for bringing together the small contributions of millions of people and making them matter. With Web 2.0, it's all about "community and collaboration on a scale never seen before".

And this is why we established Company Explorers; we provide you with the opportunity to have YOUR SAY about your past & present employers. The content of our website isn't generated by companies reviewing themselves, the results come direct from you, the employees. Given that so much of our lives are spent at work, isn't it about time we can assess which companies really are the best to work for? So start the BUZZ at Company Explorers.

But wait, there's more..... As well as giving you a platform to communicate your thoughts, why don't you research other employment services by using our [REVIEW](#) search engine and easy to use company comparison tables? To use the tables simply go into the Review area of the website, select as many companies as you like for comparison and click on the COMPARE button. It's a simple way to compare companies within the same industry, at the touch of a button. The table below shows how users have rated key criteria at companies within the FINANCE industry. To date we have reviews on **1,100 employers** and **350 recruitment agencies**.

We are proud to announce the launch of our new logo. We think this is a fantastic new addition to our website and establishes Company Explorers as a brand name
